VISION

The Institute aims to be a Centre of Excellence promoting value based Quality Education in the emerging areas of professional studies in Information Technology & Management.

MISSION

The Institute endeavors to contribute towards meeting the growing demand for competent and trained Information Technology professionals, Software Engineers and World Class Managers determined to achieve excellence.

EDITORIAL BOARD:

Chairman: Shri Ravi Sharma

Director: Prof (Dr.) C.P. Chawla

Editors: Dr. Archana Krishnan & Ms. Surbhi Kakar

“Knowledge will bring you the opportunity to make a difference.” — Claire Fagin.

These words continuously inspire us to impart knowledge in the young minds so as to enable them to create a difference in the society. This vision further facilitates us to achieve our motto of nurturing excellence which has helped in transforming IITM as a leading institute in Delhi NCR Region. The Institute believes that learning is possible beyond the scope of course books and hence efforts are consistently made to bring industry knowledge into the course curriculum through lectures, seminars and industry-academia interaction. A wide horizon builds a greater understanding in the young minds about industry dynamics and prepares them for future challenges. Our recent milestones achieved in curricular, co-curricular and extra-curricular activities are a result of collective efforts by faculty, staff and students which IITM family shall always be proud of. It is my endeavour that IITM should continually excel in all spheres of teaching, learning, research, faculty development and industry consultancy. Wishing that IITM's success story continues in the years to come!

The year that went by was quite eventful as we welcomed a new batch of dynamic young minds on one end while on the other we have started preparing ourselves to part with our final year students who are already future ready leaders. Year on year, IITM has been working relentlessly in developing young talents who make a mark for themselves in the society. Like every institute of repute, IITM also registers many notable achievements with the passage of every semester, whether through curricular, co-curricular or extra-curricular activities, contributing to all round student development. This, however, has been possible as we believe that it is our collective institutional responsibility to prepare our students for the challenges of the future. This newsletter is a medium through which the institute's achievements are showcased to our valuable stakeholders. All this and much more is reflected in this edition of 'PRATIBIMBA' where students' achievements in all areas have been aptly depicted. I shall always be extremely proud of all my students, faculty members and staff who are tirelessly working towards making IITM an institution par excellence.

The year that passed by has been a fulfilling experience for the institution as our students showcased their talents with their achievements in curricular, co-curricular and extra-curricular activities at both the college and the university level. The institute is always overwhelmed with the performance of its students in all spheres. These talented young students are the pillars of this esteemed institution and their success is a testimony to our commitment to IITM's motto of nurturing excellence. This year, the institute witnessed a record number of placements in leading giants like Wipro, Aon Hewitt, BT India, CSC India, TCS, Nextstep, Genpact and Infosys. Several others have started preparing themselves to pursue their post-graduate dreams at premier institutions of higher learning in India and abroad. This newsletter is a snapshot of all our achievements and activities. True to this spirit, we are very glad to release this issue of IITM's newsletter 'PRATIBIMBA' which is a reflection of our variety of efforts to lead the Institute in its all-round development. The editorial team remains grateful to the faculty members, staff and students for providing materials and photographs for the newsletter. While we have made a sincere effort, any error is deeply regretted. We look forward to your comments and suggestions!

Best Wishes- Dr. Archana Krishnan & Ms. Surbhi Kakar

The Institute has consistently recorded successful placements over the years. The previous academic year 2015-16 was quite eventful as most of our students got placed in leading organisations. The placements related matters are looked after by the Training and Placement (T&P Cell) comprising of a T&P Officer, who is assisted by a T&P committee consisting of staff and students members. The activities involve facilitating the Pre-placement Talks and the planning and execution of the campus recruitment drives. The present graduating batch of 2017 comprises of a diverse and vibrant mix of participants with no formal work experience. This semester, the placement process saw an overwhelming participation from recruiters with most of them recruiting from campus in large numbers in the areas of Management and IT.

Alumni Meet: 30th July 2016

To take a walk down the corridors of nostalgia, an Alumni Meet was organized by the Institute on 30th July 2016. The occasion was graced by more than 50 Alumni across various batches. Many of the institute's alumni are now entrepreneurs, while others are holding high positions in various public and private sector organizations. The contribution of the Alumni towards the growth of the Alma Mater was highlighted, and the need for further strengthening the linkage between the Alumni and the Institute was emphasized. The event included cultural programme, Award Ceremony followed by Torch Bearing Ceremony where recent pass out students were inspired to carry forward the work of the Alumni Association. The day ended with the promise to meet again, and everyone bid an emotional farewell to each other.

Raksha Bandhan Celebration: 13th August 2016

Raksha Bandhan is a festival which celebrates the bond of affection between brothers and sisters. It is a day when siblings pray for each other's well-being. IITM group of Institutions celebrated Raksha Bandhan in association with Brahmakumaris on the 13th August 2016. The representatives of Brahmakumaris shared the importance of positive thinking and universal brotherhood in the lives of individuals. At the end of the event, they tied rakhi to all faculty members, distributed sweets and requested each individual to leave one bad habit. The celebration ended on a high note.

Talent Hunt 2016: 13th, 20th and 30th August 2016

Talent Hunt 2016 was organized by the cultural committee on 13th, 20th and 30th August 2016. The objective of this event was to discover the hidden talents of the students from the new batch. The programme was conducted in three phases which included singing, dance, fashion, dramatics, photography and some literary events. The students' response through the talent hunt was overwhelming, and the event organizers had a difficult time in judging the best of the great performances.

Independence Day: 15th August 2016

The 70th Independence Day of India was celebrated in the Institute on 15th August 2016 to pay tribute to all freedom fighters who fought for the Independence of our nation. Our honorable guest of the day, Dr. Ravi Shekhar from Shaheed Bhagat Singh College, University of Delhi, enlightened students with valuable facts regarding the importance of freedom in our country. Students shared their views on the occasion and assured to contribute towards the success of the nation.

Fresher's Party: 27th August 2016

The Institute welcomed the new batch of students by organizing a Freshers' party at Taj Vivanta on 27th August 2016. The event included some brilliant cultural performances. The high point of the day was the competition for the title of Mr. and Ms. Fresher 2016, for which there were a total of 10 contestants who were judged from three rounds. The first round was Individual Round where contestants had to introduce themselves with confidence. The second round was Talent Round which included dance, music and dramatic performances. The third round was Beauty with brains which was a Question and Answer round. Towards the end '**Rishabh Sharma**' and '**Amrit Dua**', both students of BBA, were crowned **Mr. & Ms. Fresher** respectively. The audience was kept enthralled for several hours by mind blowing performances of dances and songs. Finally, the program ended, leaving behind sweet memories that will be cherished for life.

Teachers' Day Celebration: 5th September 2016

Teachers' day was celebrated on 5th September 2016 with total enthusiasm and zeal. On this day, Collage making and Cartooning events were organized for the students based on the theme "My Teacher, My Mentor". A special programme was organized for the teachers of IITM in which many teachers and students showcased their performances. Some of the teachers were given titles by the event management committee. At the end of this programme, Director, Prof C. P. Chawla congratulated and appreciated the efforts of all teachers who were relentlessly working to improve the students' performance. The Director also highlighted the role of a teacher in building a nation with the help of a small story. The programme ended with the high tea.

National Nutrition Week: 9th -15th September 2016

To facilitate our bodies to function properly and stay healthy, it is important that we follow a good nutritious diet. Food is made up of six classes of nutrients. These nutrients are macronutrients (protein, carbohydrates, fats), water. An individual who intakes this mission of acquainting our diet, the Institute celebrated September 2016, in the Institute were provided to everyone through college canteen. It was celebrated with full energy, zeal and enthusiasm, by enjoying each and every bite of healthy food.

Founder's Day: 29th September 2016

IITM group of Institutions celebrated Founder's day on 29th September 2016 in the Institute. Every year, this day is celebrated with great zeal and enthusiasm. Founder's day of the institute happens to be the birthday of Shri J.C. Sharma Ji – Chairman, IITM Group of Institutions. All the members of IITM family participated in the celebration. The day started on a pious note with the air filled with chants and hawan. Our Group Chairman graced the occasion by performing a pooja ritual along with hawan. All the faculty members and staff attended the ceremony and prayed for the growth and prosperity of the Institute.

Poster Making Competition: 6th October 2016

To align with Prime Minister Modi's vision of Swachh Bharat Abhiyan, the Institute's Eco Club 'Dayitva' organized a Poster Making Competition on 6th October 2016 on the theme "Clean India Swachh Bharat". The main attraction of the event was the display of creative messages by students on posters which highlighted Gandhi Ji's vision for Green India, Clean India, and Swachh Bharat. The students enthusiastically participated and displayed their creative talent on posters and also took an oath to keep the surroundings clean and safeguard the environment for future generations.

GGSIU Annual Sports Meet: 20th - 22nd October 2016

The University Annual Sports Meet was organized from 20th -22nd October 2016 where there was an active participation by IITM students in the events like Athletics, Arm Wrestling, Body building, Power Lifting, Basketball, Badminton and Chess. The chief guest for the occasion was Varun Singh Bhati, Bronze winner in Paralympic 2016, Rio Olympics. IITM students brought laurels to the college when they won 2 bronze and 2 gold medals in this meet. Following are the details of the winners:

1. Gold: Varun Gupta in Body Building
2. Gold: Snehil in 100 m
3. Bronze: Harshil Budhiraja in Badminton singles
4. Bronze: Hemant Kumar in Arm Wrestling

Diwali Celebration: 29th Oct 2016

The festival of Diwali, known as "the festival of lights," signifies the victory of good over evil and light over dark. It is celebrated by lighting oil lamps and candles, shooting firecrackers into the air and feasting with neighbors. The festival was celebrated at IITM with great fervor on 29th October 2016 marked by cultural performances by students and faculty members. The evening was cherished by everyone.

Treasure Hunt: 4th November 2016

A treasure hunt is a game with one or more players who try to find hidden objects by following a series of clues. To help students take some time off from the busy academic schedule, the Institute organized Treasure Hunt: Tech Roadies Season 1.0 for BCA students which consisted of four rounds that included programming, IT Crossword Quiz, IT puzzle at the library and Pictionary round where students had to draw and guess various input-output devices. The top four teams received a final clue that led to the Director's office for the hidden treasure.

Faculty cum Staff Picnic to Lohagarh Farms: 27th Dec 2016

IITM Group of Institutions organized a faculty cum staff picnic to Lohagarh farms, an ethnic village in Gurgaon on 27th December 2016. This trip was an endeavor to take us far from the madding crowd and mundane urban life to taste the flavor of rustic life. It was designed in pure desi style and exquisitely decorated with local crafts. Faculty members were welcomed in traditional style by the customary tilak. The place had rural activities (camel ride, camel cart ride, bullock cart ride, Mehendi, head massage, charkha, chakki, pottery making), enthusiastic adventure activities (Burma bridge, cat walk, double rope bridge, rope climbing, rope ladder), stress bursting team building activities (tug of war, tube well bath, mud bath, kite flying), energetic games and sports (cricket, volley ball, dart, tractor ride, badminton). Sumptuous food in the realms of rustic surroundings and charms of the serene environment were the major attractions. There was an endless supply of eatables and lemonade, besides breakfast and lunch. The trip proved to be a memorable one as we came across the unique delicacies and suaveness of Indian Culture in the multifarious activities on which we tried our hands. It was a place that made us feel that 'India Is Really Incredible'.

CO-CURRICULAR ACTIVITIES

Summer Training on Advanced Java: 13th June - 30th July 2016

The Institute organized Summer Training in Advanced Java in association with Pure Training (Oracle Associated Partner) for the BCA students with the objective of familiarizing them with the concepts of Advanced Java and developing applications. Some of the topics included Core Java and Advanced Java concepts such as JDBC, Servlets, JSP, Annotations, JAX-RS Services and JPA. The students participated with a lot of enthusiasm and showed great zeal for implementing the learned concepts in the form of projects.

Summer School Training Program on Microsoft Advanced Excel: 13th-30th July 2016

The Institute initiated the Advanced Excel Training program as a part of the Summer School for its various courses with a vision to facilitate the students in the academic curriculum and in securing industry placements. At the end of two weeks of the long, exhaustive program, students were asked to appear for the certification exam; successful students were awarded certificate of merit. Given the overwhelming response from the students, the Institution has decided to conduct these tool based learning programmes in its Summer School (June-July) & Winter School (Dec-Jan).

Seminar on “Empowering Enterprises through Technology: 15th July 2016

A seminar on the theme ‘Empowering Enterprises through Technology’ was organized on 15th July 2016 at PHD House in Delhi. The seminar witnessed some powerful speakers who highlighted various schemes offered by the Government to upgrade the existing industrial infrastructure by introducing technology. Some of the other highlights of the seminar focused on video conferencing through Polycom Huddle rooms, SAP products for better business, printers, projectors, scanners and robotics, cloud management, business application to improve customer interactions. The event ended on a great learning note for participants.

IQAC Faculty Development Programme on “Qualitative Enhancement in Higher Education: A Multidimensional Perspective”: 25th -29th July 2016

IITM Group organized a one-week IQAC FDP on "Qualitative Enhancement in Higher Education: A Multidimensional Perspective". The objective of this FDP was to provide direction for curriculum adoption and enrichment with changing industrial needs, equip faculty with effective and modern teaching methods, enhance research competencies and to shed light on the various types of audits in higher education institutions. The highlights included the focus on online research repositories, bibliographic referencing styles, project documentation, bridging the gap between curriculum and industry requirements, case study approach in management and emphasis on MOOC Courses through a spoken tutorial. This programme provided the faculty with powerful insights for improving teaching-learning practices.

Guest Lecture on “Application of Artificial Intelligence”: 26th July 2016

IITM Group of Institutions organized a guest lecture on “Application of Artificial Intelligence”. The speaker of the day Dr. Saroj Kaushik explained the relationship of human behavior with Artificial Intelligence. She shared information on various categories of AI, Turing Test, the foundation of AI, the latest perception of AI. Further, she also discussed the idea about location-based services and social network analysis and their application in the present times. The students were actively involved throughout the lecture and raised various queries. The overall lecture was very informative.

Orientation Day: 1st August 2016

An orientation programme was organized by the Institute on 1st August 2016, for students of new batch 2016-2019. The main objective of the programme was to enhance the awareness of the students about the Institute. The programme started with auspicious lighting of the lamp by the Director Prof. C. P. Chawla and Mr. Atul Sharma followed by Saraswati Vandana. After this, the Director welcomed the new students and enlightened them. Dr. Monika Kulshreshtha, Head of Department, Management, highlighted the Institute’s infrastructure and the importance of adhering to rules and regulations to the students. Mr. Atul Sharma, the chief guest on the occasion, a teacher, trainer and consultant with more than 30 years of experience enlightened the gathering with words of wisdom on soft skills necessary for success in life.

Librarian's Day Celebration: 13th Aug 2016

The Institute organized an event on "Librarian's Day" for the Library Staff, Faculty Members and Students of the Institute on August 13, 2016. The Resource Person was Mr. Rajesh Singh, Deputy Librarian, DULS. The event was coordinated by all the Library Staff. The objective of the event was to make the Library Staff and Faculty Members aware about the importance of Librarians in an institute. Mr. Singh highlighted the information resources that are available online in the area of Management & IT and how faculty members and students can utilize them. The curtains were drawn to the event with a brief message by the Director.

Elite Club Meeting: 5th September 2016

A meeting was organised for students in the IITM Elite Club which was addressed by the Director. Among the students present, the first year students were given a briefing about the working of the club. Students were informed about the various institutional activities and industrial visits organised for the students as a part of the teaching-learning process. The second and third year students also shared their experiences about the club activities with the first year students. Overall, the meeting was successful, and the students were motivated by the inspiring words of Director Sir.

Yakult DANONE India Pvt. Ltd. Industrial Visit: 8th September 2016

With the objective to bridge the gap between theory and practice, an industrial visit was organized to Yakult DANONE India Pvt. Ltd. on 8th Sep, 2016 for BBA students. The main objective of the visit was to familiarize the students with various activities related to productions and operations, marketing, financing and human resource in an industrial setup. The instructors gave a brief orientation about the organisation and highlighted the health benefits of Yakult probiotic drink. Later, students were taken around the factory site to understand the operations of the unit and were also offered Yakult probiotic drink. All the students were extremely satisfied with the visit

Faculty Club Meeting: 10th September 2016

The faculty is the bloodline of any college, and chieftain of the students. Their positive role in the academics always receives applause, and the management provides everything they need to extend the boundaries of their expertise. To improve their knowledge and induce a sense of personal development, the Faculty Club of the Institute organized a Faculty development session on topics such as "FAT Tax" and "E-filing of ITR" on 10th September 2016 in the Institute's Seminar Hall. All faculty members found the seminar absorbing.

Aptitude Test by Career Launcher: 14th September 2016

With the Institute's vision of preparing students for higher education in institutions of repute, an aptitude test was organized through Career Launcher for all students across the various batches and courses. 1100 students appeared in Level 1 (college challenge) of the aptitude test. The shortlisted students were eligible to appear for Level 2 (City challenge), Level 3 (Regional challenge) and Level 4 (Semifinals and final round) of Career Launcher young India challenge. The objective of this test was to identify the brightest and sharpest minds in the country and provide them an opportunity to showcase their talents and brilliance at the national level. The aptitude test was conducted successfully, and the participants received certificates of participation.

Guest Lecture (By T.I.M.E.): 15th September 2016

Group Discussion is extensively used in the present times along with personal interviews for the final selection of candidates. It helps in choosing the socially suitable candidate among the academically superior achievers. It is one of the best tools to study the behavioural and attitudinal responses of the participants. A lecture by Expert from T.I.M.E., Mr. Sunil Dua, highlighted on the role and relevance of Group Discussion for BBA Students on 8th September 2016 at the Institute. The Expert emphasized that Group Discussion is more a technique than a conventional test. All the students enjoyed the session and found it informative.

Faculty Development Programme: 15th October 2016

A Faculty Development Programme on "Using Blended MOOCs in Management Education" was conducted by IIM, Bangalore at IIT Delhi, which was attended by faculty members from IITM. The objective of this programme was to equip faculty from management institutions with requisite skills and resources to use MOOCs in a blended format in their classroom. During this programme, IIMB faculty guided the participants on using IIMB's online courses to enrich classroom learning. IIMB faculty members, who have pioneered MOOCs, interacted with participants and it was a great learning experience for all.

Debate Competition: 16th September 2016

Debates facilitate students to develop skills that enable them to be more engaged citizens, discuss current political and global issues, understand opposing views, cooperate with others, make informed decisions and think critically. With this objective, the institute’s Debate Society ‘Vyudit’ organized an Intra-College Debate Competition for all the students across the various courses and batches. The aim of the competition was to encourage and stimulate English-speaking culture in the Institution. A significant number of students participated in the event. The event was successful and was appreciated by all the students.

Deloitte Interaction Session: 29th September 2016

The Institute organized an Interaction Session with Deloitte for students of final year BCA. Mr. Manish, a representative of Deloitte, addressed the students by providing a brief orientation about the organisation and the facilities provided for their employees. He made them aware of the key factors which were necessary to be a part of the Deloitte family such as communication skills, optimistic approach and zeal to learning. It was an interactive session which warmed up the students for future placement drives.

Workshop on “Digital Marketing and Cloud Integrator”: 30th September 2016

A workshop on Digital Marketing and Cloud Integrator was organized for the students of final year students of BCA, BBA and B. Com (H) Department of IT in association with “Milestone Achievers Opc Pvt. Ltd.”. The speaker guided the students in understanding the market requirements and technology lifecycle by discussing the concepts of cloud computing, optical fiber, network services and ‘Digital India’. Other main highlights of the discussion were ITIL certification, digits marketing, info graphics and cloud computing.

Workshop on Matlab: 1st October 2016

A workshop on Matlab was organized for the faculty members of IT Department with the objective to provide exposure to MatLab and its Components. Dr. Vinay Nassa initiated the session by giving a brief introduction to MatLab and its applications. Further, various components of MatLab, Scalar Arithmetic, Variable Representation, Built-in Functions and Keywords were discussed by him. It was an interactive session, and faculty members showed great zeal for implementing the learned concepts.

T.I.M.E Seminar on “Career in Government Jobs”: 7th October 2016

With the increasing opportunities in the public sector, the Institute organized a seminar on "Career in Government jobs" for students of all courses. The Guest speaker, Mr Avnish from T.I.M.E spoke about the various job openings in the public sector, the improving working conditions and long-term benefits of the same. All the students were deeply interested and were enthusiastic for the discussion. The students participated in this event by asking questions related to jobs in Government sector.

‘Entrepreneurship Oriented Program (EOP) at NSIC, Okhla: 7th October 2016

As a part of the Entrepreneurship Development Cell at the Institute, students attended ‘Entrepreneurship Oriented Program’ (EOP) at National Small Industries Corporation (NSIC), Okhla, New Delhi, a Government of India Enterprise with the Ministry of Micro, Small & Medium Enterprises, on 7th October 2016. The “Entrepreneurship Oriented Program (EOP)” at NSIC started with a one-hour session by Mr. Joydeep about the basics of entrepreneurship, sources of finance for new ventures, the importance of innovation and challenges faced by entrepreneurs. This session was followed by visit to NSIC's incubator centre, where students observed different types of machines for small scale projects such as tissue paper roll, wall nail manufacturing, soya milk manufacturing, tomato ketchup project, brick making project, detergent & soap manufacturing, fabric designing, wax candle manufacturing, bakery project, biscuit making, paper plate manufacturing, spice grinder project, and garlic/ginger paste project. Distilled water dispenser and book binding machines were some of the new additions in the incubator. The visit to NSIC was a great learning experience as the session provided the students with a practical insight on how to start an enterprise and the strategies to be used to make it profitable in the long run. The day ended in high spirits as students got a new direction for their entrepreneurial journey.

Faculty Club Meeting: 1st October 2016

Lectures are regularly organized by the institute's Faculty Club with the objective of encouraging peer to peer learning among the faculty members. In one such meet, Dr. Sarmistha Sarma highlighted the concept, procedure and funding of start-up firms. She explained the issues and challenges for a start-up firm in India through the case study of OYO Rooms (one of the start-ups in the booking budget hotel business). Further, Dr. Priyanka Murria deliberated upon “Gold Monetisation Scheme” – concept, need, issues and challenges in the implementation of this scheme. All the faculty members of management department found the session to be very informative and interactive

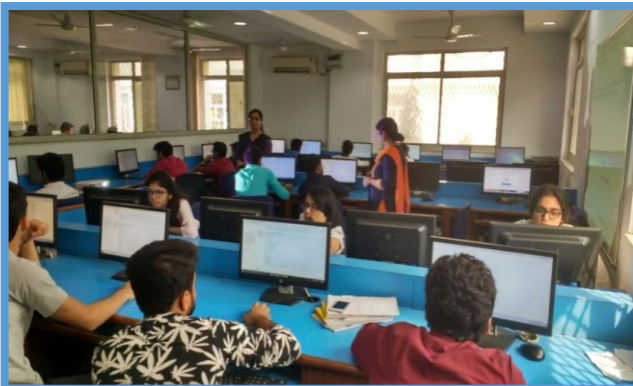

‘Digital India Program’ at (DeitY), Government of India: 20th October 2016

The students attended “Digital India Program” at Department of Electronics and Information Technology (DeitY), Government of India, on 20th October 2016. In the first session of the Program, students were informed about the various initiatives taken by the Centre for e-governance including Mobile Seva, e-Basta, e-Sanjeevani, Passport Seva. Further, he discussed the nine pillars of Digital India including broadband highways, e-governance, electronics manufacturing, and access to mobile connectivity, e-Kranti, IT for jobs, public Internet access programme, information for all and early harvest programmes. This session was followed by a demonstration model of supercomputer PARAM. Later, an IT quiz was conducted for students, and the top three rankers received prizes. The ‘Digital India Program’ was a great learning experience as the session provided the students with a practical insight on the web enabled e-services. It was an interactive session where students were asked to give solutions to bring in efficiency and effectiveness in citizen-centric services, socio-economic transformation, especially in the fields of education, health and skill-building.

‘Online Test on C & C++: Spoken Tutorial IIT Bombay’: 24th and 26th October 2016

With a view to improve software skills of IT students, a C++ online test with the name of “Spoken Tutorial – IIT Bombay” was conducted for the BCA students on 24th Oct 2016. Further, an online test on C Language was conducted on 26th October 2016. All the questions were related to the advanced topics in C & C++. A significant number of students were able to clear the test with flying colours. It has been observed that such certifications facilitate the students to improve their skills and secure placement opportunities.

Guest Lecture on "Goal Setting and out of box thinking": 25th October 2016

On 25th October 2016, a motivational guest lecture was organized by the IITM group of institutions for BBA and B.Com.(H) students. Mr. Sreenivasan R., Chief Customer Officer of Career Launcher, was the key resource person. The lecture was conducted on the topic 'Goal Setting and Out of Box thinking. He spoke about the importance of setting a goal in life and emphasised the need for hard work to achieve that goal. He showed many motivational videos to the students. He also demonstrated the role of out of the box thinking in problem-solving. It was a great learning experience for the students.

Elite Club Meeting: 26th October 2016

An elite club meeting was organised for the first year Elite Club students of the institute and was addressed by Chairman, Sh. J.C Sharma. The meeting commenced with the discussion on leadership and its importance in our lives. He also highlighted the importance of several meditation exercises to improve focus and concentration of students. Further, the session was taken forward by Dr. Gopal, who conducted stress management activities with the students. The students took active participation in the exercises and were left with a fulfilling experience in the end.

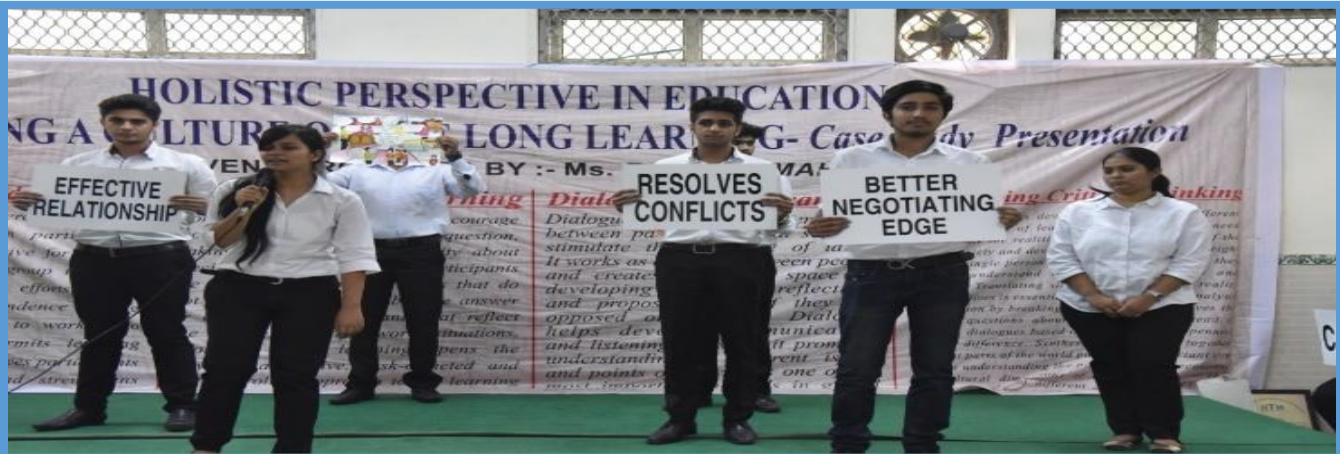

Session on "Computer Troubleshooting": 12th November 2016

The Institute's Faculty Club organized a session on "Computer Troubleshooting Tips". The major objective of the session was to enhance computer maintenance and troubleshooting skills of Faculty Members that would aid them in their day to day activities. Our computer lab- in charge, Mr. Sanjay Sinha highlighted the problems faced by faculty members while using Internet, printer, class projector and system performance and provided his guidance on how to diagnose and troubleshoot the same. It was an interactive session with a focus on learning by doing mode.

Workshop on Life Long Learning- Informal Learning: 5th November 2016

The Institute organized a workshop on life- long learning for BBA first year students with an objective to imbibe a culture of holistic learning. The students showcased their forte and talent by embracing their communication skills in five interaction and Talent. There was a phenomenal response from the students, for categories namely, team Work, Street Play, case Study through Role Play, dialogue many, it was indeed a transformational experience

Faculty Development Programme on “How to Write and Publish Research Papers”: 19th December 2016

Research is an integral part of academic progression and writing research papers are important expressions of academic thinking. To enhance further knowledge on writing good quality research papers, this seminar was organized for the management faculty. The speaker gave a lucid and comprehensible lecture on what it takes to write a paper, the various types of research papers and a step-by-step explanation of the framework of a research paper. The speaker, particularly, focused on writing review of the literature, and in-text reference citation which is very crucial for the paper to get selected by any peer-reviewed journal.
