## FROM THE CHAIRMAN'S DESK...

At Institute of Innovation in Technology and Management (IINTM), we believe in learning beyond the limits of syllabi, every year we are relentlessly making an effort to nurture the young minds with knowledge that is academically stimulating and practically relevant. For this, we have conducted guest lectures, workshops, certification programs, etc. Our vision is to place every student. It is a proud moment for IINTM family for having students placed in reputed companies like Delloite, Wipro, TCS, etc. I wish students, faculty and staff all the very best in continuing the success story!

## FROM THE DIRECTOR GENERAL'S DESK...

This year has been quite eventful as we welcomed a new batch of dynamic young minds on one hand and on the other we have started preparing ourselves to part with our final year students who are ready to join the corporate world. IINTM has registered many notable achievements with the passage of every semester through curricular , co-curricular or extra – curricular activities ,contributing to all round student development. This has been possible as we believe that it is our collective institutional responsibility to prepare our students for future challenges. This newsletter is a medium through which the institute achievements are showcased to stakeholders. All this and much more is reflected in this edition of 'PRATIBIMBA' where student's achievements in all areas have been aptly depicted. I shall always be extremely proud of all my students, faculty members and staff who are working hard for making the institute a sanctum sanctorum for nurturing excellence.

## FROM THE EDITOR'S DESK

One of the most interesting things about the Institution is the broad diversity of its brain power. In our campus, we have the most talented programmers, coding their way to the top. On the other side of the campus we have the sharpest mind learning to manage the business administration. And in between is a vibrant mix of intellectual progress in sports, arts, public speaking, social activities, etc. We, as faculty members are proud to be leading in a batch of students that are extremely talented. Certainly, it is our students who contribute in building “Brand IINTM”. Large number of students got placed in reputed companies such as TCS, Deloitte, Genpact, IBM, Infosys, Aon Hewitt, Amazon, HCL, and many other companies, while some students enrolled themselves to pursue post graduation at premier institutions of higher learning in India and abroad. In Last semester we saw some key contributions from both faculty and students in various events which further brought out some of the best student potentials in an all-round manner, again giving thrust to our motto, ‘Nurturing Excellence’. A development worth reckoning! True to this spirit, we are glad to release this issue of IINTM’s newsletter ‘Pratibimba’ which truly is a reflection of our continuous developmental activities. The editorial team remains grateful to the faculty members, staff and students for providing materials and photographs for the newsletter. While we have made sincere effort, any error is deeply regretted. We look forward to your comments and suggestions.

**Best Wishes-Mrs. Harsh Arora**
