- (iv) Mr. Sagar Tanwar, Alumni

Post review of the last minutes of meeting, the IQAC coordinator initiated the discussion on the agenda set for the current IQAC committee meeting.

The first agenda about the placement of BBA students was discussed. It was highlighted that the ^{behind} placement of other programmes, BBA lags ^{in this}. The placement of student of BBA programme is not able to rise. The committee members unanimously attributed the reason for this non-performance of BBA

students to the insufficient number of opportunities offered to the students of BBA as well as the ^{low} quality of placement offers made to the students, i.e. the low salary package and ~~non~~^{non-job} profiles. This led the students to reject the job offers.

It was decided to be aggressive on the industry interaction initiative to lap better companies with decent salary packages.

The committee discussed the matter of ~~10~~ number of books required ^{in the library} due to increase in the number of intake.

The committee agreed to increase the number of books in the library to an extent that the ratio of students to books be 1:1.

The committee also deliberated on the need of increasing the overall speed of the internet. ~~For the last~~ Mr Sanjay Sinha has been assigned the job to find the feasibility of ~~it~~ increasing the bandwidth of the internet to 20 Mbps.

The IQAC coordinator with reference to the last resolution dated 30th Oct 2015 updated the house that Lab 3-4 were upgraded to i3 processor. Besides, the practice of 1:1 book student ratio was completed.

The Chairman, IQAC, adjourned the house with vote of thanks.
