From our heart

Dayitva, the club at the Institute of Innovation in Technology and Management (IITM), is dedicated to a wide array of social initiatives. Over time, our endeavours have encompassed diverse activities, including tree plantation drives to nurture a greener environment, extending a helping hand to the less fortunate in our community, facilitating essential donations for those in need, and actively advocating for pressing issues such as poverty and healthcare challenges.

"Dayitva" embodies the essence of "responsibility" at its core. It signifies our unwavering commitment to creating a positive impact on society and nurturing a sense of duty towards the betterment of our community. We firmly believe that by uniting as a community, we can drive transformative change and foster a collective sense of responsibility toward our society and its multifaceted challenges.

Our mission at Dayitva is to instill the values of social responsibility within our student community, emphasizing their roles in fostering positive change in society and safeguarding our environment. We strive to sensitize students to critical issues such as gender equality, social inclusion irrespective of religion or language, adherence to constitutional obligations, and environmental conservation.

As one of the most dynamic clubs at our institute, Dayitva conducts a diverse range of activities. We boast a dedicated group of members who are passionate about the well-being of both people and the planet. Our diverse and driven team comes together to conduct a wide range of impactful activities. Our members are committed to greener practices and eco-friendly decisions, while also promoting ethics and responsibility. We believe that Dayitva has the potential to inspire a brighter future for society. Join us in our journey of social responsibility, where together, we can make a significant difference and uphold our shared commitment to building a better world.
