ABOUT FDP

Faculty Development Programmes (FDPs) play a vital role in enhancing the professional competencies of educators in higher education institutions. These programmes are designed to update knowledge, improve teaching skills, and foster innovation in educational practices.

This Faculty Development Programme focuses on implementing NEP-2020 for quality enhancement in higher education. It covers crucial aspects such as mentoring, Outcome-Based Learning, and time management skills for educators. The FDP also explores the integration of AI and ICT in teaching methodologies, equipping faculty with tools to improve educational outcomes and meet the evolving needs of students in the digital age.

OBJECTIVES OF FDP

- To familiarize faculty with AI and ICT integration in education, enhancing teaching-learning processes
- To promote Outcome-Based Learning strategies aligned with NEP-2020 guidelines
- To develop effective mentoring skills for supporting student growth and development
- To improve faculty's time management and goal-setting abilities for efficient curriculum delivery
